

## Dr. Grenfell, on Program Here, Has Notable Record

Dr. Grenfell, well known to the people of the North Sea before he crossed the ocean to continue his famous mission in the western hemisphere, will be the featured speaker at the Marion Star's program here, which will be held at the Marion Star hotel, at 8 o'clock, Monday night, March 11. He will address the audience on the subject of "The North Sea Service." Dr. Grenfell, who is a graduate of the University of Grenfell, is also a Marine Engineer, and has been in the service of the North Sea Service for many years.

Dr. Grenfell will accompany Sir Wilfred when he visits Marion.

## WARDEN HEARS PRISON BLAST ATTEMPT PLANNED

COLUMBUS, March 8.—That there have been several plots to blow up the walls of the Ohio State penitentiary in recent months, was the information passed today when Warden P. E. Thomas asked the Columbus city council to prohibit parking of cars along the huge stone barriers.

Explaining the reason for the request, Warden Thomas said that he had received reports several times recently that an auto loaded with high-powered time explosive would be driven against the wall. The force of the blast, it was said, would have been great enough to demolish a section of the wall and permit a whole-scale jail delivery.

Better get that chick order in—We're booked up into May now on some kinds. We sell the famous Royal Brooder Store too, and save you money. Marion Hatchery.—Adv.

# Junior Chautauqua Planned as Feature of 1929 Program Here

## PROJECT DISCUSSED AT BOARD SESSION

Junior Course Proposed for Children 8 to 14 Years of Age

### TO BE SELF-GOVERNING

Juvenile "City Government" Outlined as Probable Part of Chautauqua

Marion has been promised a junior chautauqua this year, if 100 children pledge to buy season tickets and 700 adults pledge at the same time, according to an announcement coming from the Chautauqua board, which met Friday afternoon at 1:30 o'clock to discuss the question of a chautauqua for Marion this year.

This is the first year that a junior chautauqua has been discussed along with plans for the annual week's bill of entertainment.

Open to children from 8 to 14 years inclusive, the junior course will give the boys and girls thorough training in city government. It is an old statement that the boys and girls of today are the men and women of tomorrow, but it is the truth, and when this state of mind and womanhood is reached, these boys and girls should be able to understand currently and clearly the workings of their city's plan of government.

**Name of Officials**

In the plan outlined by Mrs. Binnie Caldwell, field worker of the Local Chautauqua Co. of Bloomington, Ill., the class will be organized into a miniature city government, with the children electing their own city officials, and carrying on the work of each of them.

At the close of the week's instruction, the junior chautauqua will present the work it has done before the senior chautauqua patrons, showing the advantages to be gained from this course of study.

This plan, which has been tried with remarkable success, is brought out clearly in an example cited by one of the board at the meeting yesterday. A boy in one of the nearby cities was the "roughneck" and terror of the town, until the junior chautauqua came along and in his plan elected him to the position of chief of police. Authorities have said that there has never been a bad report against this boy since he was given this trustworthy position in the junior chautauqua city government plan.

**No Taxation Planned**

The city will not be canvassed in raising the necessary pledges, members of the board said yesterday, except insofar as it is necessary to raise the number of adult pledges from 650 to 700 and the junior pledges from 250 to 100.

The ticket for the children will be \$1 and for the adult chautauqua, \$2. Ticket sale will not start until about 20 days before the opening date of chautauqua, set this year as probably the week of July 23.

The special committee in charge of raising the "additional" pledges includes Mrs. Lewis Uhl, chairman, Mrs. C. P. Davidson, Mrs. John Olson and Stewart G. Glaser.

The board is presided over by Earl W. Schell, president, the Rev. H. F. Weckmiller, pastor of First Reformed church, vice president and local manager, Mrs. John Olson, secretary, Stewart G. Glaser, treasurer and the following members: Earl L. Thomas, C. Z. Zachman, Mrs. C. P. Davidson, Mrs. Lewis Uhl, Lawrence Kern, and H. B. Walker.

Two members elected this year to fill vacancies are the Rev. John A. Carricker, pastor of Forest Lawn Presbyterian church and Earl N. Hale, general secretary of the Y. M. C. A.

The campaign for pledges will start immediately.

## REVIVAL SPEAKER

DR. C. W. BUTLER

## INSTITUTE LEADER ON PROGRAM HERE

Dr. Butler To Be Heard in Calvary Evangelical Revival Services

The Rev. C. W. Butler, D. D., president of the Cleveland Bible Institute, will be at the revival services at Calvary Evangelical church and preach for both morning and evening services, Sunday. He will also deliver the sermon tonight. Dr. Butler is well known in Calvary church and the congregation is looking forward to an interesting meeting.

Three services will be held Sunday at 10 a. m., 2:30 p. m. and 7:30 p. m. The Rev. J. E. Campbell, local evangelistic singer, will conduct the song services.

The Rev. E. Hadebaugh, pastor of Calvary Evangelical church was undecided today as to whether or not the evangelistic services at this church will be continued through the week. About 60 responded to the altar call during the last three weeks, making the revival one of the most successful and most spiritual which the Rev. Mr. Hadebaugh has ever experienced, he reported.

## REVIVAL SERVICES TO OPEN MARCH 17

Two Weeks' Program Announced by Trinity Baptist Pastor

An advance notice given out today by the Rev. Lawrence A. Wood, pastor of Trinity Baptist church, is to the effect that the church will hold special evangelistic services there during the two weeks preceding Easter. The services will begin Sunday, March 17, and will be held each night during the week excepting Saturday.

The Gospel Team of Deacon university, composed of four young men students at the university in Greenville, will be at the church March 17. The Rev. Mr. Wood will preach each night during the week.

## HOOVER TEXT

Local Pastor To Speak on Scripture Used in Official Oath

Marion churchgoers who listened in over the radio to President Herbert Hoover taking the oath of office, will be interested in knowing that the Rev. H. F. Weckmiller, pastor of First Reformed church, will preach Sunday night at 7:30 o'clock on President Hoover's Bible text, Prov. 29:18, "Where there is no vision the people perish; but he that keepeth the law, happy is he."

## Lent

### A SERMONETTE

BY THE REV. S. S. HARDY  
Rector, St. Paul's Episcopal Church

LENT belongs to all. It is not even exclusively Christian for, like other venerable institutions that have proved their worth to mankind, Lent reaches back into remote antiquity. Out of the past comes Lent, bearing utilitarian value for present and future. Long shunned and neglected, men today are claiming their heritage and are observing Lent.

There is no exclusive way in which Lent must be observed. Therefore it behooves none of us to cast aspersions upon others who do not keep that season exactly as we do. An institution so heavy with age, so universal in its appeal, must lend itself to application in a vast variety of ways. The motives which create a Buddhist in Lent will be different from those which create a Christian. One Christian communion will emphasize one phase of the Lenten observance while another demotion will place the emphasis elsewhere. One church will lay down special rules for keeping Lent; another will be content merely to add to the season, leaving to the individual very large liberty as to how to keep it. Each individual will vary the observance as seems most helpful to his spiritual needs. It is this large liberty about Lent that gives to it such a potential appeal.

Coming when it does, the transference of thought to Lent from things material to things spiritual is not difficult. Nature, rising from dormancy to life as she does each spring causes man, in his more exalted mood, to think of a death unto sin and a new birth unto righteousness. Lent is the call apart to meditate upon these things and to strive toward their realization. With Christ, symbolically, we go into the desert; we forsake, for a time, even some of the innocent joys of life in order that we may make place for more serious things. Lent is the inventory season of our religious life; it is a time for taking stock. To check up and start again, knowing where we stand and whither we would go, is the purpose of Lent. Through the wilderness to calvary and the cross, culminating in the clean life—that is Lent.

Voluntarily to deprive oneself of a well-kept Lent is to impoverish one's spiritual life; it is to rob oneself of his birthright. There are scores of churches—all the churches in Marion are offering invaluable aid to all this Lent. If we are well advised we shall avail ourselves of this help.

**CHANGES MADE**

Sunday School at Emmanuel Baptist Church to Commence Earlier

Since spring weather is making Sunday mornings much more agreeable, the Rev. S. F. Porter, pastor of Emmanuel Baptist church, has decided that his congregation shall begin its usual summer convening hour on Sunday mornings.

Sunday school has been changed from 9:30 o'clock to 9 o'clock, which means rising a half hour earlier. Sunday mornings, with Young People's meetings at 6:30 instead of 6 o'clock and church at 7:30 o'clock instead of the winter hour of 7 o'clock.

This change is also more pleasant in that church is taken up in the morning at 10:15 o'clock instead of the late hour of 10:45 o'clock.

The Rev. Mr. Porter also announced today that revival services which have been conducted at the church the last three weeks will be closed Sunday night. During the period, 12 candidates for baptism were gained and two renewals of old members were made.

## CHURCH LAUNCHES NEW DEPARTMENT

Junior Branch Organized in Lee st. Presbyterian Congregation

Last Sunday the Lee Street Presbyterian church organized a new department under the direction of the pastor, the Rev. James M. Fisher. This is the first time that the church has ever had a junior department. Since the organization, all classes open to 12 years old have their own opening and closing exercises. The change was made so that the children may be given a better understanding of church work and the meaning of a Christian life. Mrs. J. M. Fisher, wife of the pastor, is superintendent of the school.

Inspiration for the new department came when several of the women attended the religious training school conducted here this winter by the Ohio Council of Religious Training, held at the First Presbyterian church. A piano has been added to the department and chairs for the children were donated by the First Presbyterian church. Attendance last Sunday was 28, included two officers, four teachers and one assistant. The department opens at 9 o'clock and closes its services at 10 o'clock.

Officers of the department include: Mrs. Fisher, superintendent; Miss Gertrude Tumbelson, assistant superintendent; Miss Nettie Tumbelson, secretary-treasurer; Mrs. Charles Stephenson, song leader; Miss Dorothy Fisher, organist; Miss Rose Mizard, teacher of beginners; Miss Gertrude Tumbelson, teacher of primary class; Mrs. Stephenson, junior class; Clyde Tumbelson, junior boys; Albert Smith, assistant junior boys and Mrs. George Barden, assistant teacher.

## LOCAL MINISTER TO GIVE "SONG SERMON"

Unusual Discourse Announced for First Church of Brethren

The congregation and visitors of the First Church of the Brethren will enjoy a rare treat Sunday night when an unusual sermon is presented at 7 o'clock by the Rev. G. G. Canfield, pastor of the church.

Not only is the Rev. Mr. Canfield a preacher, but he is also a singer with a clear tenor voice, as well, and in this latter capacity will conduct his services on the sermon topic, "God's Power and Love." The songs which he will sing are classified so that the verses express the sentiment of the verses to be brought out. Miss Catherine Canfield, his daughter, will accompany at the piano.

For 25 years the Rev. Mr. Canfield has been singing, his work and a regular tenor voice has all been gained through evangelistic singing and as a member of the male quartet of Midwestern college, McPherson, Kan. He has never studied with a voice instructor.

The Rev. Mr. Canfield has given his congregation this type of sermon in his last two pastorate, but this is the first time that he has used this method of outlining his thought across to his Marion audience.

## INTEREST GROWS

Bible Class "Zepplin Race" Is Spirited Contest

The "zeppelin race" from New York to Paris which the Men's Bible class of the First Presbyterian Sunday school is conducting as a membership and attendance contest, is becoming more interesting each week, reports from the class indicate. Harry May's coming crew was ahead of the flagship Los Angeles of their division last Sunday but changes in the positions of several of the convoys are indicated by the attendance of 83 men last Sunday.

Since the hour of assembly in the class room has been changed to 3 o'clock, it has been proposed by several of the members that the time be taken for discussion of questions brought out in the lesson or pertaining to it, after the lesson has been presented by the teacher, John H. Taitman. The suggestions have given much consideration by officers of the class.

## A Marvelous Change.

The battle so long waged for control of  
the Standard Oil Company of Indiana re-  
sulted in practically a tie to our surprise for  
John D. Rockefeller, Jr., whose campaign was  
waged to remove Colonel Robert W. Stewart  
from the chairmanship of the board of di-  
rectors. The Rockefeller interests mastered  
5,510,213 shares at the Whiting meeting  
while those of Colonel Stewart presented but  
2,851,556 shares, giving the aggressors a  
majority of 2,658,657.

It is a significant fact, however, and one  
in which press reports hold that Colonel  
Stewart manifested great pride, that while  
the 5,510,213 shares voted by the Rocke-  
feller interests were held by but 17,294  
shareholders, the 2,851,556 shares voted by  
him represented 31,175 stockholders. In  
other words, the owners of the small holdings  
of stock were with him, while arrayed against  
him were the moneyed interests. Colonel  
Stewart called it a popular victory, and it  
was, as the popular vote was for him in about  
the same ratio as the stock vote was against  
him—two to one. The victory, however, lost  
him control of the company and a salary of  
\$125,000 a year.

To us, the great surprise in the result is  
not the change in the ethics of "big business"  
which it manifested. By this time, the fact  
that the great financial and industrial in-  
terests of the land have undergone a change  
of heart and gotten away from many practices  
which they once considered proper and  
legitimate is an old story. There is general  
recognition of the fact that great business  
undertakings are being conducted today on a  
higher plane than ever before in the history  
of the land. And the change from the "pub-  
lic be damned" attitude of thirty or forty  
years ago is just as marked. The leaders of  
"big business" no longer seek to keep the  
public in the dark. They want and strive  
for its respect and esteem, and this brings us  
up to what we deem the most striking phase  
of the campaign just closed with the stock  
battle at Whiting—the marked change in  
attitude manifested by the public for the  
Rockefeller family, with whose position in the  
struggle the general public seemingly was  
in hearty accord.

Twenty years ago, the very name, Rocke-  
feller, was anathema to the public. Now  
note the change. True, the younger Rocke-  
feller has come along during the intervening  
years and largely, if not wholly, supplanted  
the elder Rockefeller in the handling of the  
family interests. But even so, today the  
Rockefeller name is very generally recognized as  
upright citizens, upholders of law and good  
government, the world's greatest philan-  
thropists and consistent champions of that  
which is honorable, just and right. It is a  
marvelous change the passing years have  
worked, a change largely the result of the  
fact that the public has come to know the  
Rockefellers, father and son, not as they  
formerly were pictured to it, but as they  
really are.

If the report, that Sanding has fled to  
Honduras and his followers are offering to  
surrender, is correct, the marines may get  
back to celebrate the Fourth at home, un-  
less, of course, Nicaragua wants us to sup-  
vise another election.

## A Splendid Improvement.

Only those who have viewed the new busi-  
ness home of Kleinfelder Brothers, inside as  
well as out, can appreciate to the full the  
marked improvement it has worked, not only  
to the appearance of south Main street, but  
also to the shopping worth of that thorough-  
fare.

Perhaps no better illustration of strong bet-  
ter in the bright future of Marion mer-  
chandizing could be offered than the new  
business place of this clothing house, which  
for forty-seven years has been conducted  
under the same name—a local record—and  
recognized among our most successful com-  
mercial enterprises, and by experience knows  
the business possibilities of the city.

The Kleinfelders have taken over by lease  
a building not overly pleasing to the eye and  
at the expense of considerable thought and  
effort and artistic and mechanical skill, and  
at no inconsiderable outlay of money, have  
reconditioned it into a very attractive build-  
ing, which is a decided credit, both in its  
exterior and interior, to that section of the  
up-town business district. Faith in the  
city's future, built upon experience and thus  
demonstrated, counts.

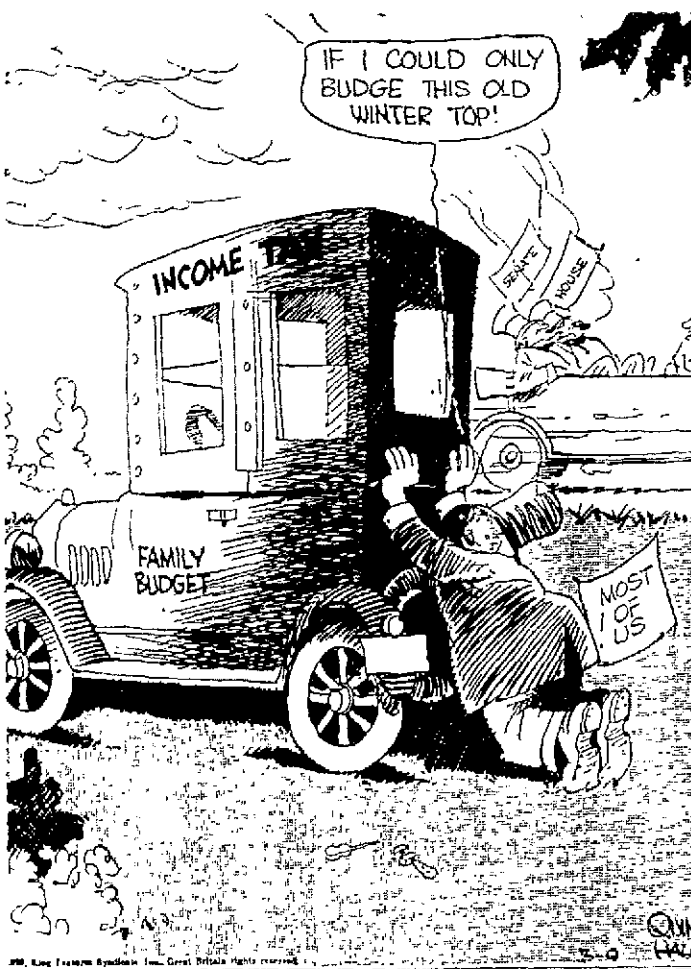

Heretofore we have spoken of old build-  
ings which have been reconditioned and made  
as attractive as new, sometimes even far  
more attractive than many buildings of en-  
tirely new construction, and we have made  
the great improvement they have worked to  
the appearance of the city the subject for con-  
gratulation. The present case is another to  
which to point. It shows the way in which an  
old building can be remodeled into one, to  
all intents and purposes, practically new. We  
have in our up-town business district many  
buildings, which might be transformed from  
what they are into tasteful structures such as  
this opened to public inspection Friday. Per-  
haps with the encouragement offered by the  
appreciation manifested for the marked im-  
provement wrought in this particular struc-  
ture, owners of other buildings, which are  
not what they might be, may feel impelled  
to remodel them and make them creditable  
to the city. If they do feel so impelled and  
proceed to make changes, it is our hope that  
they will be as successful in attaining splen-  
did results as Kleinfelder Brothers have been.

## Abuse of the Eyes.

BY ROYAL S. COPELAND, M. D.

It is a long time since I have spoken about  
the eyes. How miserable one can be if the eyes  
get sore or the sight is impaired from any cause.  
Today I shall say something about these precious  
organs. One of my colleagues in the senate is  
blind. I often look upon him with admiration.  
He seems so cheerful and is so devoted to his  
work that it is difficult to believe he is absolutely  
without sight. But he follows the debates and  
takes part in them just as if he could see. With  
it all he is happy.

Sometimes I close my eyes to find how it would  
seem not to see. I am thankful I am not blind  
and I know you are, too.

Fortunately, blindness is an uncommon ail-  
ment. Very few members of society are thus  
afflicted.

But neglect and abuse of the eyes are just about  
as common as any of the human faults. It is  
surprising how prone we are to forget things  
which are really important. When you consider  
how necessary eyesight is and how dependent we  
are on it, it would seem to be a natural thing to  
look after the eyes. But we don't.

Eyes are subject to two chief dangers. In the  
first place, these organs are exposed to wind  
and weather, to dust and dirt, to infectious con-  
tact by nuclear hands. In consequence, it is  
not uncommon to suffer the pain of a foreign body  
in the eye or an inflammation of some sort.

There is a passage-way leading from the inner  
corner of the eye to the nose. An acute or  
chronic catarrhal condition of the nose may re-  
sult in a closed canal and the tear duct to the eye. Then  
there is inflammation.

Besides these inflammatory conditions, eye-strain  
may cause congestion and discomfort in the eyes.  
Almost always this can be overcome by getting  
properly fitted glasses.

There is a popular prejudice against glasses, or  
"specs," as they are called. "I just won't  
wear glasses," is a common expression.

Why not? They are a nuisance, of course.  
Since I have to wear them most of the time, I  
can testify to this. But they are such a comfort,  
too. To have all that busy uncertainty about  
the numbers in the telephone book, and the  
beauties of nature—to have that blurring dis-  
appear by the wearing of well fitted lenses, is a joy,  
indeed.

You must not be foolish about glasses. If they  
are really needed, you are doing your eyes serious  
harm by neglecting to wear them. By all means  
be sensible about it.

After the age of forty there is a gradual failure  
in the distinctness of near vision. It may be pos-  
sible to see all distant objects, but things near-  
by are not clear. This is known as "presbyopia,"  
or aging vision.

Headaches, neuritis, inability to think clearly—  
these are a few of the symptoms noted by the vic-  
tim himself. These uncomfortable feelings disap-  
pear when the lenses are worn.

Watch your eyes and eyesight. It pays to  
give early attention to any symptoms which in-  
dicate trouble with the seeing organs.

ANSWERS TO HEALTH QUERIES

MISS L. H. Q.—Will fallen arches cause the  
balk of the foot to ache?

A—Do you advise treatment for dandruff?

A—Sometimes. It would be wise to consult an  
orthopedist.

A—Yes.

ANXIOUS. Q.—Since the birth of my child, I  
have had two brown conspicuous marks on my  
upper lip. What would cause this condition and  
how can the marks be eradicated?

A—They are very likely later spots caused by  
faulty elimination. Watch your diet, drink  
copiously of water between meals and keep the  
system clear.—Copyright, 1929, Newspaper Fea-  
ture Service, Inc.

## Editorial Opinion.

## THE NATIONAL ORIGINS LAW.

The senate immigration committee appar-  
ently favors altering the national origins provision  
of the immigration law of 1924 to go into effect on  
July 1. The enforcement of this provision would  
effect a radical change in the racial nature of the  
immigration received from quarantined countries.  
At the present time, a nationality's quota is  
equivalent to two per cent of the number of for-  
eign-born individuals of such nationality resident  
in the United States in 1890. The annual quota  
of any nationality under the national origins pro-  
vision would be the number that bears the same  
ratio to 150,000 as the number of inhabitants in  
the United States in 1929 having that national  
origin bears to the number of inhabitants in the  
United States in 1929. One effect of this pro-  
vision would be to limit the number of quota im-  
migrants admitted in any one year to 150,000.  
Another effect would be to increase the proportion  
of admissible immigrants from northern European  
countries.

The national origins clause was to have come  
into effect on July 1, 1927, but the commission  
designated in the law to determine the new quota  
basis, which was to report by April 1, 1927, was  
unable to solve the problem presented to it. This  
was to determine the number of inhabitants in the  
United States in 1929 whose origin by birth or  
ancestry was attributable to each of the geo-  
graphical areas subject to quotas. The commis-  
sion was composed of the secretaries of state, commerce  
and labor. At least one member of it has made  
his views on the subject very plain. "As a mem-  
ber of the commission whose duty it is to determine  
the quota basis under the national origins law,"  
said Mr. Hoover last August, "I have found it im-  
possible to do so accurately and without hardship.  
The basis now in effect carries out the essential  
principle of the law, and I favor repeal of that part  
of the act calling for a new basis of quotas."

All proposals in congress that this part of the  
law be repealed have been strongly opposed on the  
ground that the existing quota discriminate  
against southern European nationalities. An  
often postulated of it has been proposed by  
Senator Nye. A poll of the senate immigration  
committee shows, however, that a majority of its  
members favor the immediate implementation of  
the national origins clause despite the fact that it  
has been found impossible to fix the quota basis  
on population, "accurately and without hardship."

## WHERE WE LAG IN CLEANLINESS.

We are rather proud, here in America, of our  
progress in sanitation. When it comes to plumbing  
and kindred matters we plume ourselves on  
our advance. We rather pride ourselves on  
our progress in sanitation.

But in one phase of this cult of cleanliness we  
are years behind some cities of Europe.

There is no standard container for ashes and  
the other refuse that we must be rid of. Any  
thing is good enough. Old boxes, baskets and can-  
isters for hours in the streets, unremoved, until  
the wind blows with the contents what it will.  
Along comes the wagon. The loaders dump the  
contents of the containers in. This gives the wind  
another excellent chance. The unremoved wagon  
moves slowly on to the next stop, leaving a trail  
of blown paper and refuse of all description, while  
the air is filled with ashes, particles of dust and  
enough microbes, probably, to start with a little  
enoughment, a terrible plague.

They do these things better in Europe. For in-  
stance, in Vienna every house is equipped with  
specially constructed garbage cans. These cans  
have swinging covers which snap on automatically.  
There are specially constructed for the windows  
which collect their contents. These windows also  
are covered and have openings into which the tops  
of the cans fit. The cans are emptied without the  
least dust or dirt escaping. Vienna is clean.

Here the street, after the garbage or refuse has  
passed, is a desert. The sweepers seem im-  
possible though it is, to leave more dirt blowing  
about than they collect.

While the city holds to this antiquated system a lot  
of the money now expended on health services is  
just being thrown away.—Philadelphia Record.

## No Lack of Experience.

It poses a puzzle how it is that so many  
deaths at Peoria it can hardly be because the  
Peoria bondholders did not know how to make  
better. Some of the old traditional techniques of  
the town must survive, surely.—St. Louis Globe-  
Democrat.

## Pupil of Aged Teacher

BAUR ON MONDAY PROGRAM

## Now Noted Radio Star

Frederick E. Bristol, one of the most noted vocal teachers in America, will celebrate his ninetieth birthday soon. For 65 years he has been developing some of the world's greatest singers, and he numbers among his pupils, or associates, Nordica, Caruso, Scotti, Selma-Lorenz, and others. He is seen in the picture with one of his most famous pupils, Franklin Baur, tenor, former Ziegfeld star and now exclusive artist for the "Voice of Firestone." Mr. Bristol has said that Baur is the ideal exponent of young American talent and the aged teacher rates him as the leading American singer of American sentiments. Of particular interest, too, is the magnificently carved chair in which Mr. Bristol is seated. This was presented to him by Princess Beatrice, a granddaughter of Queen Victoria, and a pupil of the famous teacher. The chair was formerly in the Coburg palace of Duke Alfred of Gotha and is a replica of one originally owned by King Edward VII, now in Buckingham Palace, London.

BY MAC L. ROY  
SPOKESMEN of radio programs will get an early start on St. Patrick's day with week's programs will be around this famous patron

of Ireland. The "Voice of Firestone" will be heard in St. Patrick's Day greetings at 8 o'clock Monday night when that theme occupies the opening minutes of the broadcast over the WEAF network of the National Broadcasting Co. In the St. Patrick's group, the Firestone concert orchestra, directed by Hugo Mariani, will play Victor Herbert's "Irish Melody." Franklin Baur, tenor, will sing "Kathleen Mavourneen," and Firestone Chorists will sing the old Irish traditional song "Kilbuck." The immortal "Blue Danube Waltz" of Strauss is the classical feature of the program, while the usual popular and home groups contain other features for Vaudeville, contralto, and the orchestra, as well as additional solos for Franklin Baur.

**INCIDENTAL TAX TIME AT THOMPSON'S CORNERS**  
THOMPSON'S CORNERS boasts a little real wealth—except for Mrs. Thompson Jones, who has "means"—but its thrifty hard-working citizens are busy these days making out their federal income tax blanks. Matt Thompson, mayor of the community, has set aside Monday night for this task. While such affairs are usually strictly private and personal, in this case Matt's income tax will be the subject of the "Real Folks" program to be broadcast over the WJZ network of the NBC system at 9:30 o'clock.

**MOZART OPERA TO BE PRESENTED**  
MOZART'S famous opera, "Le Nozze di Figaro" (The Marriage of Figaro) will be broadcast in radio form over the WEAF network of the NBC system at 11 o'clock Monday night. Leading singers of the National Grand Opera company will present the most familiar scenes under the direction of Maestro Cesare Soderi.

**VIOLINIST PLAYS OVER COLUMBIA**  
Albert Spoljar, world famous violinist, will be the star of the jazz broadcast that the Vitaphone Jubilee hour will present at 9:30 o'clock Monday night over the Columbia system.

## Just Things

BY EDNA S. DUTTON

### Life

THIS bit of observation on life arrived in my mail the other day to fill pass it along. Man comes into this world without his consent and leaves it against his will; when he is little the big girls kiss him, when he is big the little girls kiss him. If he is not in politics it is for graft; if he is not interested in politics it is as good to his country. If he makes a lot of money he is a bad manager. If he needs credit he can't get it; if he is prosperous, everyone wants to do something for him. If he is religious he is a hypocrite, if he doesn't go to church he is a hardened sinner. If he gives to charity it is for show; if he doesn't give to charity he is a stingy case. If he is affectionate he is a soft specimen, if he doesn't care for anyone he is cold hearted. If he dies young there was a great future before him, if he lives on a ripe old age he missed his calling. If he never marries he is a spendthrift, if he spends at he is a spendthrift. If he has money, he's a grafter, if he hasn't got it he's a hunk.

### Complexions

STOOD by with a handful of other gallible souls the other day and heard the promoter of a certain brand of cosmetics extol the merits of her wares and saw with my own eyes just how to turn the question, "why did this model of people turn out like that when she stepped the room?" All the time her left hand knew just what her right hand was doing and her talk synchronized perfectly with the laying on of the hands. She told us lots and eventually waxed confidential and then didn't our ears bug out and how. We women are running wild in regard to our complexions. Some of us would rival the lily in whiteness, while others would rather have that dark sunbaked hue, than the pinkish. And running true to form, those with the milk and white complexion want to be dangerous looking brunettes and those whose pigment calls for brunettes are considering the price of a handful of good makeup tickets in order to be blondes preferred. As a consequence they can't make it fast enough. Oh, yes, when it was over we drew on the old stock, said we were stocked up but when we were out knew what we'd buy, grabbed our little old samples and beat it.

### New Cure

THE old one about feeding a cold and starting a fever has had the legs knocked out from at least half of it by the new cure for colds which I recently heard. "At the first sign of a cold," a well known doctor has written, "go to bed in a well-ventilated room. Sleep all fast until the patient is convalescent, because the system needs the energy digestion would require to aid its fight against the disease. No one will starve even in seven or eight days. After starting the last begin on grapefruit juice. Take it freely five to 15 grapefruit a day in divided portions, every four hours or often. Drink all the pure cold water possible. In between the grape fruit portions, not with them, take ordinary baking soda, a teaspoonful in a glass of water for the first dose then a quart teaspoonful in water every four hours or often until the symptoms subside." For further particulars send stamped envelope.

In green and white. A birthday cake centered the table. Mrs. H. Dunsing assisted Mrs. Davis in serving. Guests included William Walters, Paul Fumagalli, William Colgrove, Donald Franklin, Hec O'Brien, Tommy Davis, Virginia Crabtree, Betty Ann Dunsing, Maxine Schlagenhauf, Mary Ann Shuster, Dolores Jans and Mary Bramhall. Mr. and Mrs. T. H. Brown and Mrs. R. L. Whiting, of Cincinnati, were out-of-town guests present.

### Club Members Enjoy St. Patrick Program

Members of the Lakeside club met last night to enjoy a St. Patrick's day program at the home of Mrs. Joseph Long, Cleveland av. Miss Martha Long, a guest of the club, entertained with three violin selections, "Irish Melody," "The Prisoner's Song" and "Dreams of a Toy-Maker." Mrs. Ross Wertz gave a recitation, "Widow O'Shane's Riot." Following the program, contests were enjoyed, honors going to Mrs. Charles Swisher, while Miss Jane Clapsdahl and Mrs. O. Richardson received the guessing honors. Guests of the club were Mrs. H. Kerr, Miss Clapsdahl and Misses Martha and Ruth Long. Refreshments were served, carrying out the theme of the meeting. The club will meet again in two weeks with Mrs. Harry Clapsdahl, Silver st.

### Dill Penates Club Meets at Sailer Home

Members of the Dill Penates club met yesterday afternoon at the home of Mrs. L. J. Sailer, 280 Marion av. Two contests were enjoyed, honors going to Mrs. J. C. Homen and Mrs. Frank Beck. Mrs. Beck and Mrs. W. R. Crissinger were guests of the club. Refreshments were served by the hostess. The club will meet again in two weeks with Mrs. G. W. Walters at the home of Mrs. W. H. Walters, East Walnut st.

## Noted Artist To Appear in Local Club's Program

MISS PHYLLIS KRAEUTER

THE last guest artist presentation of the Marion Lecture-theatrical club under the direction of Mrs. James C. Woods as president, will introduce Miss Phyllis Kraeuter, violinist, to Marion audiences. The program will open at 8:15 o'clock Tuesday night in The Star auditorium, with Mrs. Edith Kandler-Unger, of Lucasry, directing the club chorus and Miss Dorothy Zell, at the piano. Mrs. Harold K. Mosser will accompany Miss Kraeuter.

Miss Kraeuter was born in Columbus, the youngest of three children. She involuntarily absorbed the artistic spirit in her own home where her father, a well-known teacher, and the other two children, Karl and Leonore,

practiced daily. In order to complete a trio, Phyllis was given a cello and taught the mysteries of music on that instrument.

Makes Early Debut  
At seven years of age, she made her debut at a state convention of school teachers before an audience of 2,000 persons. At 12 years of age she was entered in the Institute of Musical Art in New York City, studying under William Walthe.

When she graduated in June, at the age of 15, playing the Haydn concerto with orchestra, she was presented the \$1,000 Morris Loeb award, given each year to the student of outstanding talent and accomplishment, and also an artist's diploma.

Since making her first bow to an audience Miss Kraeuter has been appearing at public musical functions. As a child, she played in many churches, schools and with musical organizations in her home town of Columbus.

### Rare Old Instrument

In January, 1927, Miss Kraeuter made her debut at Town Hall. Miss Kraeuter plays a Nicholas Gagliano instrument, dated 1780, brought to America by an amateur musician and collector from whom it was secured for the young artist.

The program outlined for the appearance Tuesday night of the club chorus and Miss Kraeuter, is as follows: Miss Margaret Mosser and Miss Anna Von Endt, violinists, "Fantasy on a Russian Folk Song," James; Miss Kraeuter, "Concerto in A Minor," Saint-Saens; Mrs. Knox Dunlop in soprano solo and obligato accompaniment to the chorus, "Murmuring Bees," Jensen and "A Spring Symphony," Burr Gohsen; Miss Kraeuter, "Prelude," Beethoven; "Berceuse," Gottlieb Noren, "Chanson Napolitaine," Casella and "Taran-tella," Jera.

### SENIOR INTER NOS HOLDS MEETING

Proceeds from the candy sale held last week by the Senior Inter Nos of Harding High school were reported as \$7 at a meeting yesterday afternoon with Mrs. Shirley Mae Clagett and Miss Evelyn Hacheider, at the Clagett home, Silver st. The money will be used to pay for the Senior Inter Nos picture in the Quiver Annual. Definite arrangements were made for the assembly to be given by the society after spring vacation. Common expressions derived from classical mythology were given in response to the roll call. Miss Josephine Ling gave a paper on "Aurora," followed by a paper on "Mars" by Miss Marie Long. Miss Ethel Rowley read the story of Hero and Leander. Violin music was furnished by Miss Betty Clagett and Miss Marie Cutarella, a guest, at the piano. The hostesses were assisted in serving by Mrs. Fred Clagett, March 15, Miss Dorothy Bush and Miss Ruth Johnston will be hostess to the club.

An English inventor's photograph that plays standard records is small enough to be carried in a coat pocket.

## The Spot On Her Life

Mary Jones came to town unexpectedly—and being both popular and beautiful she was given a last minute invitation to the Blinck's Social Ball. The only formal she brought with her had a spot on the bodice and she only had twenty-four hours to have it cleaned. So she didn't—and her social status was shattered! Poor Mary, she left town at once—why didn't some one tell her that Anthony's gave reliable service?

## REALTY OFFICIAL OPPOSED TO BILL

Property Liability for Liquor Tax Declared Unfair by McGreene

WOULD AMEND CONSTITUTION  
COLUMBUS, Mo., March 8.—The Missouri General Assembly today passed a bill which would amend the constitution to place the property liability for liquor tax on the owner of the property, instead of the licensee. The bill was introduced by Representative McGreene and was passed by a vote of 43 yeas to 10 nays.

McGreene said that the bill was necessary because the present law places the liability on the licensee, who is often a transient, and the owner of the property is often a permanent resident. He said that the bill would place the liability on the owner, who is in a better position to pay the tax.

The bill would amend the constitution to read: "The property liability for liquor tax shall be placed on the owner of the property, instead of the licensee."

COMPLETE STOCK

Dreher Supply Co. Serving  
Public with Full Line of  
Plumbing Devices

It Dreher Supply Co. has been  
in Marion almost two years  
and Marion builders and home-own-  
ers have gradually learned to know  
what a handy thing it is to have a  
modern wholesale plumbing concern  
near at hand.

The Dreher Co. with offices and  
storage rooms at 154 North Main  
st. carries a complete supply of qual-  
ity plumbing fixtures at all times. Its  
Kohler line of plumbing fixtures is  
world famous for unsurpassed qual-  
ity. It is a Kohler line contains  
all the latest designs of plumbing fix-  
tures in white and in colors. In  
addition to its plumbing line the  
Kohler company has added a new  
enamel tub and a washer in col-  
ors which some people believe is the  
best and most beautiful washer on  
the market today.

The Dreher Supply Co. also car-  
ries the Deming Water Pump, as  
the great demand in Marion and its  
environs has called for a pump of  
quality and one which will give reli-  
able service. Not so many years ago it  
was decidedly unusual to find a home  
beyond the city water mains which  
was provided with a system of run-  
ning water under pressure.

Today it is the exception when  
the plans for the farm or suburban  
home do not include a water system.  
The big problem today is to be sure  
that the system selected will meet  
the requirements in every way be-  
cause in first cost and operation  
with minimum trouble and expense.

Water requirements vary. A small  
bungalow requires comparatively lit-  
tle water and this can be supplied  
by the smaller type of water sys-  
tem. A golf course and club house  
require large quantities of water  
for sprinkling lawns and lawns.  
For living quarters, showers, kitchen  
and drinking and the size and type  
of equipment must be carefully se-  
lected according to local operating  
conditions.

There are two distinct types of  
water systems—one the shallow well  
pumps and the other the deep well  
pumps.

The shallow well systems are suit-  
able for use where the vertical suc-  
tion lift does not exceed 25 feet.  
The Dreher Supply Co. can furnish  
pumps up to 1000 gallons capacity  
in a minute when conditions require  
large amounts of water (than are de-  
livered by standard systems).

Deep Wells Effective

The deep well systems are suitable  
for use in wells where the water level  
is at a greater depth than 25 feet.  
This ideal water supply in the well  
can be easily brought to the surface  
by the use of one of the Deming  
Oil Rigs. Deep Well Water Systems.  
Extreme care should be given to the  
selection of a deep well head. If  
continuous and satisfactory service is  
to be expected, a deep well pump is  
subjected to the most extreme and  
severe duty. Therefore in making  
this selection only an automatically  
oiled pump of heavy rugged con-  
struction and with renewable wear  
parts should be considered.

Deming Shallow Well and Deep  
Well Water systems have been de-  
signed and perfected to render years  
of trouble-free and dependable service.  
The design workmanship and quality  
of material there are without equal  
as is evidenced by the thousands in  
use the world over and can be de-  
pended upon to deliver water year  
after year without requiring undue  
attention.

Selecting a System  
In selecting a water system it is  
advisable to have a pump capabil-  
ity in excess of the actual requirements  
for any given period.

For example, if one-half inch hose

## Increased Activity in Local Realty Traffic Is Shown in Mortgage and Deed Totals

42 Property Transfers Are Listed During Last Week, Loans  
on Real Estate Reach \$70,346, Mostly on  
Properties in City

Mortgage loans for the week ending  
Saturday in Marion county were back  
to normal after a decided slump the  
preceding week. The total for the  
week was \$10,450.00, as compared  
with \$14,000.00 for the week before.

Loans on property outside the city  
limits were comparatively low at  
\$9,157.50. The remainder, \$1,192.50  
was placed on property in the city.  
Loans made by individuals continued  
high this week, reaching the  
\$11,400.00 mark. This was slightly  
lower than the figure for last week.

The loan company business took a  
big boost this week. The total of  
\$11,535 was practically twice the  
amount for the preceding week. All  
loan company money was placed on  
Marion property.

The number of mortgages taken  
more than doubled. There were 20  
last week and 40 this week. Real  
estate transfers also showed a big in-  
crease from 15 to 40.

with nozzle is to be used for  
sprinkling this will con-  
sume water at the rate of .00  
gallons an hour and it is therefore  
essential to permit use of water for  
other purposes at the same time to  
have a pump capacity in excess of 200  
gallons an hour. Where one-half inch  
hose with nozzle is to be used the  
Dreher Supply Co. recommends the  
use of a pump having a capacity of  
at least 200 gallons an hour which  
leaves available for other uses 20  
gallons of water an hour when the  
hose is being used.

If it is intended to use three-fourth  
inch hose with nozzle which will  
flow approximately 250 gallons an  
hour the Dreher Supply Co. recom-  
mends the use of a pump having a  
capacity of at least 300 gallons an  
hour which leaves available for  
other uses 20 gallons an hour.

In determining desired pump cap-  
acity even for ordinary requirements it  
is advisable to select such size as  
will not necessitate the pump running  
more than a few hours a day at the  
most.

## ALIVE? SURE Why buy NOW in Vernon Heights?

Because we're growing—  
Look at these figures—

Marion's averaged a 50% increase in population  
every decade since 1870 as follows—

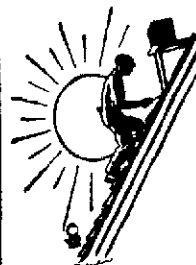

1870—2531	1900—11,836
1880—3899	1910—18,232
1890—8327	1920—27,891
1930—	

Values increase with population. Few cities of our  
size have a Vernon Heights.
